

Directions – Write outlines for the following two LEQ essays.

1. Evaluate the extent to which the Populist movement marked a turning point in the United States economy and politics. In the development of your argument, explain what changed and what stayed the same in the economy and politics as a result of the Populist movement within the period 1865–1920.
2. Evaluate the extent to which the election of Franklin D. Roosevelt as president in 1932 marked a turning point in United States politics OR society. In the development of your argument, explain what changed and what stayed the same from the period immediately before the election of Roosevelt (1919–1932) to the period immediately after it (1932–1941).
